Education

PhD, The London School of Economics, London, UK (expected) — 2020-2026
Research interests: Asset pricing, banking, fixed income markets

MSc, The London School of Economics, London, UK — 2019-2020
MSc Finance & Economics, with distinction

BSc, The London School of Economics, London, UK — 2009-2011
BSc Economics, 1st Class Honours

Research:

Risk-Based Interest Rate Expectations (job market paper) — 2025
I extract rate expectations from options markets, with high out of sample predictive power

Equity Valuation without DCF (with Thummim Cho and Christopher Polk) — 2025
We introduce a framework to value assets by correcting prices rather than discounting cash flows
Conferences: NBER SI (presenting author), SFS Cavalcade (presenting author), UW Valuation conference (presenting author), Red Rock, AFA (scheduled)

Bye Bye Beta: Deposit Duration with Fixed Spreads — 2025
I value the option-like features of deposits and show they exhibit negative duration at low rates
Conferences: Issues in Financial Markets and Banking Conference (scheduled)

Deposit Insurance & Bank Lending — 2023
I show that uninsured deposits fund securities holdings while insured deposits fund lending

Bank vs Dealer Capital as a Priced Risk — 2021
Intermediary capital as a pricing factor works through commercial bank capital, not dealers

Awards:

LSE Class Teacher Award	2024 & 2025
Finalist, Brandes Center Prize (for Equity Valuation without DCF)	2025
ESRC Research Studentship	2020-2025
Worshipful Company for International Bankers prize for best MSc dissertation	2020
